

Report of Men in Mine Shaft

January 10th, 1966
Blythe
1966-01-10

by Unknown

It was reported to the Riverside County Sheriff's Department that there was possibly a body down a mine shaft in the Blythe area. They sent some men out to check on it and found that it was a deep shaft which required some special equipment. We were called and went out to Blythe and descended the shaft and the results were negative.

RMRU is a volunteer search and rescue team that covers Riverside County and assists other teams with search and rescue efforts in other counties. Each member purchases their own equipment and takes time off work, without compensation, to participate in search and rescue missions. Team equipment is purchased from contributions from the community. We are a non-profit organization and are funded by [donations](#) from people like you.
