

Six people stranded

March 28, 1974
Jensen Canyon, Cabazon
1974-009

Just about 5:30 p.m. Al Andrews activated RMRU's pager system. We were needed to rescue six people stranded, who had been searching for the boy missing from the previous weekend. When we arrived at the roadhead we were advised that they had been able to solve their own problem.

RMRU is a volunteer search and rescue team that covers Riverside County and assists other teams with search and rescue efforts in other counties. Each member purchases their own equipment and takes time off work, without compensation, to participate in search and rescue missions. Team equipment is purchased from contributions from the community. We are a non-profit organization and are funded by [donations](#) from people like you.
