

## Possible drowning

**December 15, 1985**  
**Lake Fulmor**  
**1985-057**

We received a call from the Banning station of the Riverside County Sheriff's Department of a report of a possible drowning at Lake Fulmor in the San Jacinto Mountains. We were put on stand-by in case a search was initiated. We would work the surrounding area on foot in the event the person did not actually go into the water. Fortunately the ice was not broken. Apparently a false report had been turned in. It was good to be able to end the search and rescue year without having to go out under those circumstances.

RMRU is a volunteer search and rescue team that covers Riverside County and assists other teams with search and rescue efforts in other counties. Each member purchases their own equipment and takes time off work, without compensation, to participate in search and rescue missions. Team equipment is purchased from contributions from the community. We are a non-profit organization and are funded by [donations](#) from people like you.
