

Re-search for missing 3 year old boy

July 20, 1991
Piñon Flats
1991-022

This was one of the re-searches for a 3 year old that was never found in March. The members went outside the original search area and down some canyons and ridges that had not been searched because of the distance from the point last seen.

Again, as in the past tries, nothing was found. Members got some familiarization of the area and good desert training in temperatures over 100 degrees.

RMRU is a volunteer search and rescue team that covers Riverside County and assists other teams with search and rescue efforts in other counties. Each member purchases their own equipment and takes time off work, without compensation, to participate in search and rescue missions. Team equipment is purchased from contributions from the community. We are a non-profit organization and are funded by [donations](#) from people like you.
