

Man 300 feet below canyon stuck in brush

July 12, 1997

Below Caramba in Tahquitz Canyon

1997-021

A solo male hiker had stranded himself at the head of Tahquitz Canyon. Some members of RMRU happened to be camping in this general area and were able to provide initial assistance. Joined by other team members Sunday morning, the man was assisted out of the canyon without incident.

RMRU is a volunteer search and rescue team that covers Riverside County and assists other teams with search and rescue efforts in other counties. Each member purchases their own equipment and takes time off work, without compensation, to participate in search and rescue missions. Team equipment is purchased from contributions from the community. We are a non-profit organization and are funded by [donations](#) from people like you.
