A female hiker was reported missing and RMRU was called in to assist in this out-of-county search. Following a night out alone, the woman was found in good condition by one of the other teams.

RMRU is a volunteer search and rescue team that covers Riverside County and assists other teams with search and rescue efforts in other counties. Each member purchases their own equipment and takes time off work, without compensation, to participate in search and rescue missions. Team equipment is purchased from contributions from the community. We are a non-profit organization and are funded by [donations](#) from people like you.
