About 1:00pm Sunday, RMRU responded to a call of a vehicle over the side. One person was killed in the accident, which had apparently occurred five days prior, but was only now discovered. The Team's assistance was required to perform the recovery and transport the victim up a steep embankment to waiting county personnel.

RMRU is a volunteer search and rescue team that covers Riverside County and assists other teams with search and rescue efforts in other counties. Each member purchases their own equipment and takes time off work, without compensation, to participate in search and rescue missions. Team equipment is purchased from contributions from the community. We are a non-profit organization and are funded by [donations](#) from people like you.
