Written by Editor

RMRU was called out at 5:50pm this afternoon to respond to a hiker who was experiencing heart problems on San Jacinto Peak. The Riverside County Sheriff's helicopter flew to the Peak and lowered one team member to the subject. The subject was hoisted up into the helicopter and flown to a nearby hospital. The mission concluded at 8:10pm.

RMRU is a volunteer search and rescue team that covers Riverside County and assists other teams with search and rescue efforts in other counties. Each member purchases their own equipment and takes time off work, without compensation, to participate in search and rescue missions. Team equipment is purchased from contributions from the community. We are a non-profit organization and are funded by [donations](#) from people like you.
