LAST MEETING: (July) A small but determined group climbed up Mt. Rubidoux and worked out. Jim had a great spot picked out. Everyone worked on pitoncraft, a free rappel and an interesting pitch of rock. Bud got your president laughing right at the crux of the climb and down he went (the arm is just healing now, Bud). There was no meeting in August as everyone seemed to be going here and there.

ABORTED RESCUE: We received a call from Capt. Crowell that three boys were overdue in the Ortega mountain area. Just after we had completed the call out, the phone rang and the boys were back. But the call wasn't fast enough for the fastest man on the team. You guessed it, Jake was on the way and couldn't be stopped.

NEXT MEETING: 22 September 1900 hrs. (7 P.M.) We will have our annual end of summer gettogether at Don and Alice Ricker's home. Bring your wife and whatever type of meat you like to barbeque. Also, have your wife get in contact with Alice to coordinate the salads, bread and desserts, the number is 686-1833. We'll all show our summer slides providing Schwartz promises not to show his Indian slides more than once.

We need to make up a new call sheet so come prepared to correct any phone numbers that might have changed.
