RMRU was called out tonight to rescue three stranded hikers who ran out of water while hiking the Skyline Trail. State Park rangers reached the subjects, who were just below the Palm Springs Aerial Tramway, and provided them water. RMRU team members helped hike the subjects back to the Tramway.

This is our third mission in two weeks.

RMRU is a volunteer search and rescue team that covers Riverside County and assists other teams with search and rescue efforts in other counties. Each member purchases their own equipment and takes time off work, without compensation, to participate in search and rescue missions. Team equipment is purchased from contributions from the community. We are a non-profit organization and are funded by [donations](#) from people like you.
