

Evidence Search Aguanga

December 15, 2012
East of Temecula
2012-044

Written by Glenn Henderson

The team received a call to help the Riverside County Sheriff's Department with an evidence search in the Aguanga area of Riverside County near highway 79 and 371. Hunters had found a grave site that had become exposed from recent rainfall. It looked like an old site and animals had possibly carried off bones. We were looking for any bones in a steep rocky area. We found some possible clues and their locations were logged by GPS units and turned over to the Sheriff.

RMRU team members present: Steve Bryant, Michael George, Glenn Henderson, Rob May, Roger May, Patrick McCurdy, Jeri Sanchez, Craig Wills, and Gwenda Yates.

RMRU is a volunteer search and rescue team that covers Riverside County and assists other teams with search and rescue efforts in other counties. Each member purchases their own equipment and takes time off work, without compensation, to participate in search and rescue missions. Team equipment is purchased from contributions from the community. We are a non-profit organization and are funded by [donations](#) from people like you.
