RMRU received a call out on the morning of Monday, June 8th, to search for a 32-year-old Korean female who went missing the previous evening from a religious retreat in the hills above Corona. Members of RMRU arrived around 8 AM, divided up into two teams, and began the search. The teams searched the ravine and grove areas around the retreat for several hours before we received word that the subject had been located at a nearby business where she had been found the night before and given a place to stay for the night. We were released and headed home by 12:30 PM.

RMRU is a volunteer search and rescue team that covers Riverside County and assists other teams with search and rescue efforts in other counties. Each member purchases their own equipment and takes time off work, without compensation, to participate in search and rescue missions. Team equipment is purchased from contributions from the community. We are a non-profit organization and are funded by [donations](#) from people like you.
